INNOVATEX CONFERENCES
CONNECTING INNOVATORS WORLDWIDE

International Conference on

Agriculture & Horticulture

20th-22nd

September, 2027 | Prague, Czech Republic

Scientific Topics:

- Sustainable Agriculture and Farming Systems
- Horticultural Science and Practices
- Precision Agriculture and Smart Farming
- Plant Biotechnology and Genetic Engineering
- Crop Improvement and Breeding
- Soil Science and Soil Fertility Management
- Water Management and Irrigation Technologies
- Plant Pathology and Pest Management
- Organic Farming and Natural Agriculture
- Climate-Resilient Agriculture
- Agricultural Machinery and Automation
- Greenhouse Technology and Protected Cultivation
- Fruit, Vegetable and Floriculture Science
- Seed Science and Technology
- Plant Nutrition and Fertilizer Management
- Agroforestry and Sustainable Land Management
- Post-Harvest Technology and Crop Storage
- Agricultural Biotechnology and Biofertilizers
- Food Security and Sustainable Crop Production
- Digital Agriculture and Artificial Intelligence in Farming

ABOUT CONFERENCE

Welcome to the International Conference on Agriculture & Horticulture, organized by Innovatex Conferences and scheduled for September 20–22, 2027, in Prague, Czech Republic. Guided by the theme “From Soil to Solutions: Innovations Shaping the Future of Agriculture & Horticulture,” this event brings together researchers, scientists, academics, agricultural professionals, and industry experts from around the world to exchange knowledge and explore emerging developments. The conference offers a wide range of focused scientific sessions covering the latest advances in sustainable agriculture, horticultural science, precision farming, plant biotechnology, smart agriculture, climate-resilient practices, soil and water management, crop improvement, food security, and agricultural technologies. Participants will engage in keynote lectures, invited talks, interactive oral presentations, and dedicated poster sessions highlighting innovative research and promising contributions from emerging researchers. Set in the historic and vibrant city of Prague, the conference provides an excellent platform for scientific collaboration, professional networking, knowledge exchange, and discovering innovative solutions shaping the future of sustainable agriculture and horticulture.

Conference Venue
