

International Conference on **Green Chemistry & Renewable Energy**

20th–22nd

September, 2027 | Prague, Czech Republic

Scientific Topics:

- Principles of Green Chemistry and Sustainable Synthesis
- Renewable Energy Technologies and Applications
- Solar Energy Systems and Photovoltaic Technologies
- Wind Energy and Sustainable Power Generation
- Biofuels, Biomass and Bioenergy
- Green Catalysis and Eco-Friendly Chemical Processes
- Hydrogen Energy and Fuel Cell Technologies
- Energy Storage Systems and Battery Innovations
- Carbon Capture, Utilization and Emission Reduction
- Waste Valorization and Circular Economy Solutions
- Sustainable Materials and Green Polymers
- Environmental Chemistry and Pollution Prevention
- Biodegradable Materials and Sustainable Packaging
- Clean Energy Conversion and Efficiency
- Geothermal Energy and Hydropower Technologies
- Green Solvents and Safer Chemical Alternatives
- Industrial Decarbonization and Low-Carbon Technologies
- Life Cycle Assessment and Environmental Impact Analysis
- Photocatalysis and Solar Fuel Production
- Artificial Intelligence and Smart Technologies for Renewable Energy

ABOUT CONFERENCE

Welcome to the International Conference on Green Chemistry & Renewable Energy, organized by Innovatex Conferences, and scheduled for 20–22 September 2027 in Prague, Czech Republic. Under the theme “Green Molecules, Clean Energy: Advancing Chemistry for a Sustainable Future,” this international event brings together researchers, scientists, academics, environmental professionals, engineers, energy experts, and industry leaders to exchange knowledge and explore innovative developments in green chemistry and renewable energy. The conference will feature nearly 30 scientific sessions covering diverse topics such as sustainable chemistry, green synthesis, catalysis, renewable fuels, solar energy, hydrogen technologies, energy storage, biomass conversion, carbon capture, waste valorization, sustainable materials, and emerging clean-energy technologies. Participants will engage in keynote lectures, scientific presentations, interactive discussions, and poster sessions showcasing innovative research, technologies, and practical solutions from established experts and emerging researchers.
