ABOUT CONFERENCE

Welcome to the Digital Health, Public Health & Nursing Conference, organized by Innovatex Conferences and scheduled for 16–18 November 2026 in Amsterdam, Netherlands. Under the theme “Innovating Global Healthcare Through Digital Transformation and Patient-Centered Care,” this conference brings together leading healthcare professionals, researchers, and industry experts to share insights and explore emerging innovations in digital health and patient-focused care. The event will feature nearly thirty specialized scientific sessions covering the latest developments in healthcare technology, digital health solutions, public health strategies, nursing innovations, and patient-centered practices. Participants will engage in keynote lectures, interactive presentations, and poster sessions highlighting the work of promising researchers and practitioners. Set in the vibrant and innovative city of Amsterdam, the conference provides an excellent platform for learning, networking, and discovering advancements that are shaping the future of healthcare delivery and patient care.
